Date: Thursday, June 04, 2015 6:41:00 AM

Bob,

Can a conference call line be set up for the Thursday meeting?

Thanks,

Gary,

I would like to participate in the meeting via conference call along with our site attorney Ms. Barbara Watson. Could you please check and let me know if this can be arranged? Linda probably would attend the meeting in person and join you in the site tour. I am copying her on this email. Thanks.

Satya

Subject: San Jacinto Sampling Meeting & Site Visit

Folks,

I would like to invite you to a technical meeting to discuss a sampling program for the San Jacinto site. The goal will be to develop an approach for collecting additional data on pore water within the cap and river sediment, as well as groundwater and San Jacinto River surface water. The meeting will be held at the Harris County Pollution Control Services Office (101 South Richey, Pasadena, TX) on Thursday 6/11/2015 from 1:00 to 3:30 pm.

9671689

In addition, I will be going to the San Jacinto Site Thursday morning at 10:30 am prior to the meeting for a visual inspection of the cap over the waste pits, so you are invited to join me at the site if you wish. There will be a brief safety meeting prior to entering the site.

Please let me know if you will be able to attend the meeting and the site visit.

Regards,

Gary Miller
